The Community College Northern Inland Inc. is an active training provider in the Northern Inland of NSW and has a Campus in Moree. In section 3.2.2 Skills, Training and Education only TAFE is noted with "other" training providers. The Community College is a significant provider funded by the Dept of Education with TAFE. Training in Moree needs to be supported from in school programs - school based traineeships and EVET programs, through to trade and higher level quals. Supporting learners from school through needs to be unpacked further in this plan particularly where indigenous learning is concerned. The Community Hub may duplicate the Community College Campus on Greenbah Road and TAFE Campus? Please contact me,
