Subject: Barangaroo Concept Plan (MP06\_0162 Mod 9) – Response to Submissions

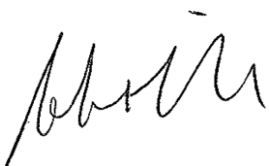

Dear Andrew Watson,

I refer to your request for advice sent on 11 January 2024 to the Department of Planning and Environment (DPE) Water, now the Department of Climate Change, Energy, the Environment and Water (DCCEEW) Water Group about the above matter.

The DCCEEW Water Group has reviewed the Response to Submissions and has identified no further information has been provided to address DCCEEW's previous recommendations in OUT22/12590. It is understood the proponent intends on addressing the recommendations during the construction phase. As the recommendations relate to assessing impacts of the project and how these can be managed and meet the water policy and regulatory framework DCCEEW maintains the need for these to be addressed prior to approval of the project.

Should you have any further queries in relation to this submission please do not hesitate to contact DCCEEW Water Assessments at [water.assessments@dpie.nsw.gov.au](mailto:water.assessments@dpie.nsw.gov.au).

Yours sincerely

Rob Brownbill,
