Subject: Blackwattle Bay Precinct Strategy

Can you please forward this to the appropriate personnel at the Department of Planning on the Response to Submissions prepared by Infrastructure NSW on the draft Blackwattle Bay Precinct Strategy.

I am a resident of Ultimo since 1978 and have until recently been the Chair of Ultimo Village Voice, a community group in Ultimo actively involved in the PPPS community consultation and engagement.

I am hugely disappointed with the Department's response which reduces the highest buildings on the current Fish Markets site from 46 to 36, however at the same time increase the height of a building on a private site in Bank Street. The development will still wall in those who live and work in Pymont, and block views Pymont from Glebe, the harbour, and dwarf the new Fish Markets under construction. The visual impact around Pymont will still be substantial.

Regards
Yimmy Seifert
