Submission

The plan has not complied with the lane cove council requirements.

The plan has NOT considered the safety and wellbeing of the residents in the existing building.

The distance between the buildings is not complied. it's too close to the existing buildings.

It's a high-density area. The plan does not provide any public green space or a public recreational precinct.

There is insufficient loading dock parking for delivery.

The matter of fact that currently the traffic congested heavily between Nicholson Street and Oxley.

■

The plan has not provided any solutions on adding burden to the current situation.

The plan should not be considered without providing solutions of the above.

Thanks.

I agree to the above statement

Yes
