We are located at 2 Atchison St and are facing the proposed build. The building is in the one space that is an open area for us, otherwise we will not have any view of space or get sun. We would be closed in. Increasing the maximum height from 72m to 148m is ridiculous, that is over double the height now. The area does not need such a tall building in that spot, it will ruin the look and turn St Leonards into something that it is not. We need to preserve what we have and only improve, not detriment.
