Please provide the view on the project	I support including the clause in the LEPs of councils who have opted in, and the minor housekeeping amendments, I object to including the clause in all NSW council LEPs and the minor housekeeping amendments
Submission	We support the LGNSW submission raising concern around the proposal to introduce the 'special flood considerations' clause state-wide which has been subject to minimal analysis and evaluation in the EIE. We also note there is no clarity about funding, or assistance for flood studies/mapping, or around further consultation with councils or communities prior to the proposed clause adoption state-wide. In its current form we object to including the clause in all NSW council LEPs
I agree to the above statement	Yes
