

Submit an application for a Subdivision Certificate (SC)

To apply for a Subdivision Certificate via the NSW Planning Portal (Portal), you will need a NSW Planning Portal account. To register a new account, refer to our *Register for the NSW Planning Portal* quick reference guide or video.

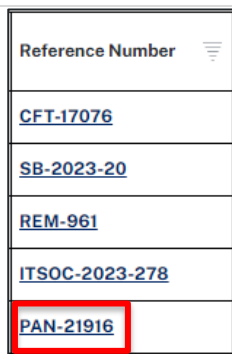

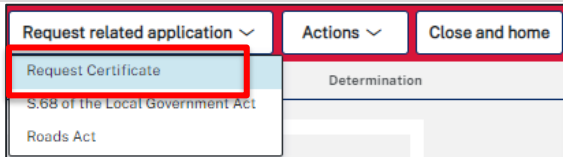

Initiate application

You can apply for a subdivision certificate via the NSW Planning Portal using two different methods:

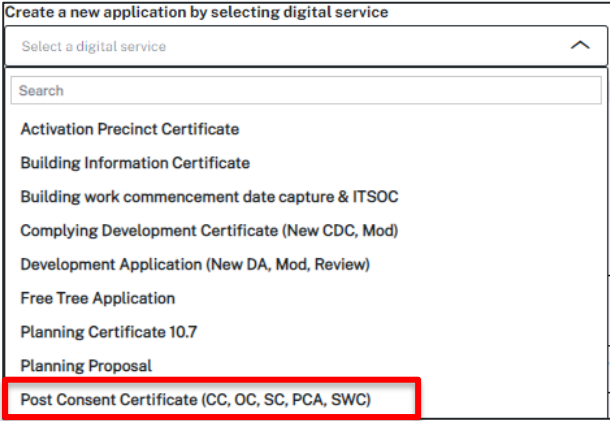

- As a related application (this will pre-populate content in the application form based on information within the related development application or complying development application), or
- A new standalone application.

Follow the instructions below for your required method.

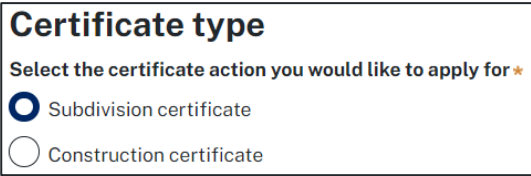

Related application

<p>1. Log in to the NSW Planning Portal.</p> <p>Open the related Development Application or Complying Development Certificate application by clicking on the reference number. This will be in the Completed Work dashboard.</p>	
<p>2. Click Request Related Application, then select Request Certificate.</p>	
<p>Note: When creating a related application, much of the information entered on the related development application or complying development certificate application will auto-populate to the Post-Consent Certificate application.</p> <p>Progress to step 5.</p>	

Standalone application

<p>3. Log in to the NSW Planning Portal.</p> <p>Select Post Consent Certificate from the list of options within the create a new application drop-down arrow.</p>	
<p>4. Click Create new.</p>	

Apply for certificate

<p>5. Select Subdivision certificate from the list of options.</p>	
<p>6. Select if the application is for full or part of the development.</p>	

7. **Enter** the site of your development using the Address or Lot /Section number/Plan search functionality.
Repeat as required until all development sites are located.

Select the site of the development *

Creating referrals

Approvals or other documents issued by various agencies may be required for your application. This process may be done offline using paper forms, however, moving forward, some agencies are using the NSW Planning Portal to facilitate this process.

You can create a referral for your application by following the below steps.

32. **Click** Add Agency.

Add Agency

Note: A table will be presented, and you are required to add the Agency and referral details.

33. **Enter** the agency name and select an applicable result from the dropdown list.

To which agency is the activity being referred?

Select from the suggested list

Note: Where an agency cannot be located, you may choose other from the dropdown list and enter the name of the agency manually. Referrals for other agencies will not be sent through the Portal and are required to be completed manually offline.

34. **Enter** the agencies internal reference number (if known).

36. **Enter** a reason for the referral.

You must explain clearly why the referral is being sent to the nominated agency.

Reason for referral

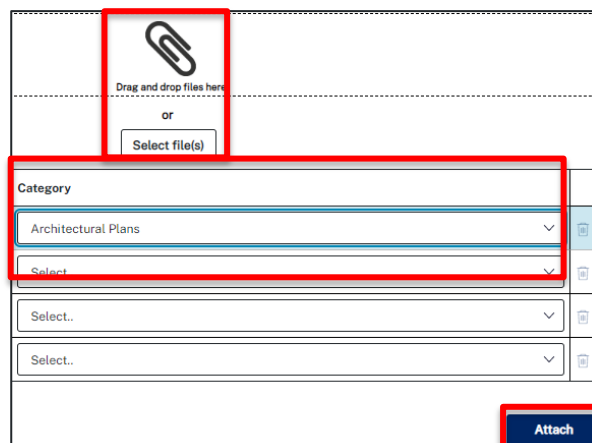

Please clearly explain why this referral is being made

Note: To add another referral, complete steps 32 to 36 again.

37. **Click** Upload.

Upload

- Click** Select files (s) or drag and drop your file(s) in the space provided.
- Categorise** the file type(s).
- Click** Attach.

Note: The name of the document has a maximum of 150 characters. If the name of your file exceeds this limit, you can change the document name to bring it within the 150-character limit.

38. Click Save and continue.

Note: The status of your application will change to Pending-Referral. The selected agencies will be notified of the new subdivision certificate referral. An agency may request additional information to complete their assessment. You will be notified via email of any actions you need to undertake to complete your application and once the referral is complete.

Referral summary

All referrals that have been created can be monitored on this page. Take note of the status of each referral and the reference ID that has been generated. You will not be able to submit your application to the nominated certifier until all outstanding referrals have been resolved.

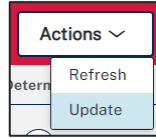

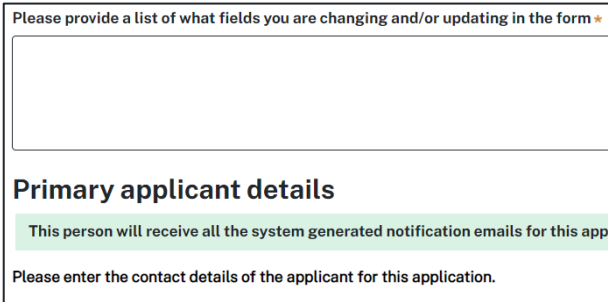

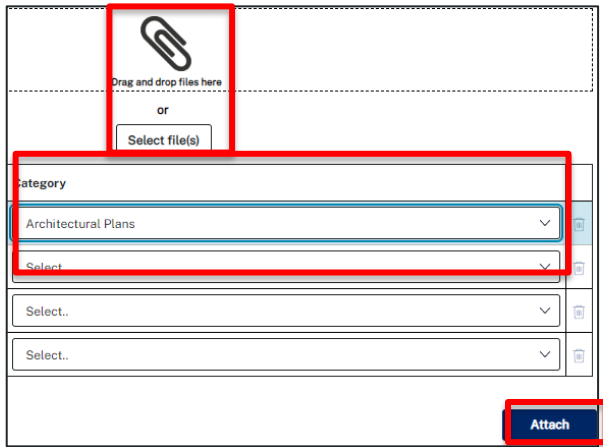

Updating an application

Your application may be updated at any point until the application has been submitted to your nominated Principal Certifier. You can update your application for the following reasons:

- Change information entered on the application
- Upload new documents
- Create another referral

Updating your application while a referral is still in progress or complete will result in the system re-referring the application to the agencies.

<p>1. Select Update from the Actions dropdown menu.</p>	
<p>2. Enter a summary of the changes you are making to your application.</p> <p>Note: Agencies that have already been sent a referral need to be notified that the subdivision application has changed in some way. This could be a simple update such as a phone number, or significant such as a new subdivision plan document. The agency may need to take the changes into consideration when making or reviewing their decision.</p>	
<p>3. Scroll down the page and make your changes to your application fields (if applicable).</p>	
<p>To add another referral Agency, click Add Agency and follow the earlier steps.</p> <p>Note: You must explain clearly why the referral is being sent to the nominated Agency.</p>	
<p>To upload further file(s), click Upload</p>	
<p>a. Click Select files (s) or drag and drop your file(s) in the space provided.</p> <p>b. Categorise the file type(s).</p> <p>c. Click Attach.</p>	
<p>4. Click Save and continue.</p>	
<p>Note: The application will be updated and if applicable, re-referrals will be issued to inform agencies that the subdivision application has changed. If a re-referral was issued a re-referral details tab will appear on the application.</p>	

Additional information requests

Agencies may require further information to assess your application and fulfill your request. If additional information is requested the applicant will be sent an email notification.

To view the additional information request and respond, log in to the Portal and open your subdivision certificate application located in your Active Work.

1. **Click** the Related cases tab and **click** the referral ID to open the referral case.
