I object to it

Submission

I object to so many dwellings. The road system currently does not cope with the traffic load and as a person that regularly drives from campbelltown to penrith i want the traffic to flow. With this many dwellings plus the traffic to the airports the roads will not cope. Build the infrastructure to cope with the people and cats before building the dwellings. No new housing should be built no only is it too many people but it is killing our nature and wildlife. Stop developing before you kill our land, animals and planet.

I agree to the above statement

Yes
