

Nominate Practitioners for Class 2 buildings

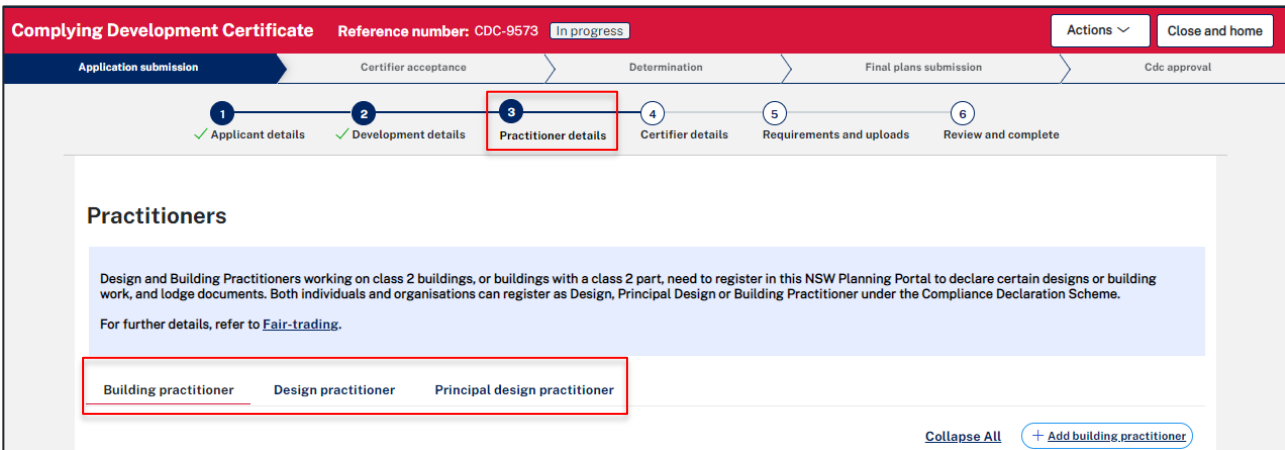

Providing the details of the Nominated Practitioners for certain developments will become mandatory from 1 July 2021. This requirement will apply where all or part of the development falls within Class 2 of the Building Code of Australia. Until 1 July 2021, the provision of this information is optional.

When submitting a Complying Development Certificate (CDC) or Construction Certificate (CC) application and a Class 2 development is selected, the Practitioner details information will need to be completed.

This guide will display the necessary steps required to complete the Practitioner information when submitting a Complying Development Certificate (CDC) application. The steps to enter the Practitioner information for a CC is identical to the CDC application.

For developments that are exempt from the *Design and Building Practitioners Act 2020*, the requirement to enter the practitioner details information is optional. If the development is not exempt from the Act, then the practitioner details must be provided.

Important: The image below is an example where the Practitioner details tab will appear when a Class 2 development is selected on a CDC application.

The screenshot displays the 'Complying Development Certificate' application interface. At the top, a red header bar contains the title 'Complying Development Certificate', the reference number 'CDC-9573', and the status 'In progress'. Below this, a progress bar shows six steps: 1. Applicant details (completed), 2. Development details (completed), 3. Practitioner details (active and highlighted with a red box), 4. Certifier details, 5. Requirements and uploads, and 6. Review and complete. The main content area is titled 'Practitioners' and includes a blue informational box stating that Design and Building Practitioners working on class 2 buildings need to register in the NSW Planning Portal. Below this, there are three tabs: 'Building practitioner' (selected and highlighted with a red box), 'Design practitioner', and 'Principal design practitioner'. At the bottom right, there are links for 'Collapse All' and '+ Add building practitioner'.

Note: If a Class 2 development is selected, it is mandatory to enter the Practitioner details.

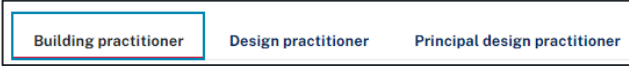

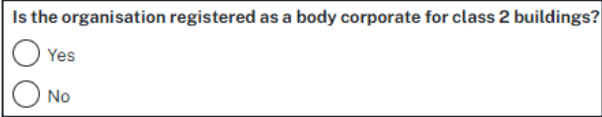

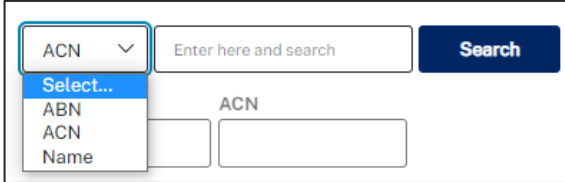

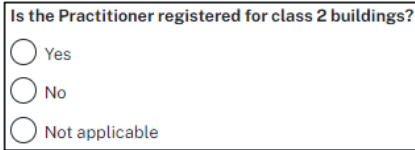

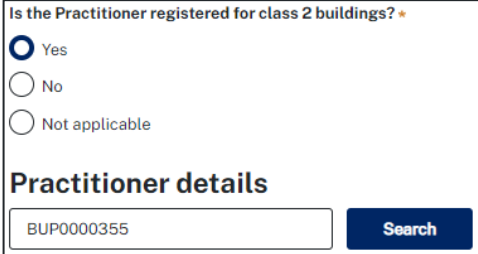

There are three types of Practitioner profiles that can be nominated for a class 2 development:

- Building practitioner
- Design practitioner
- Principal design practitioner

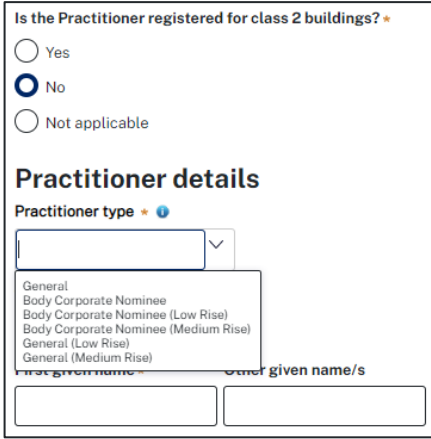

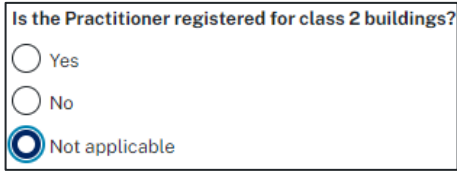

Note: It is mandatory to enter at least a Building practitioner.

Nominate a Building Practitioner

Note: Only one Building Practitioner can be nominated.

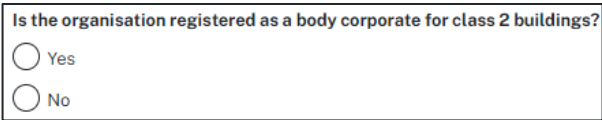

1. Click on the Building practitioner tab.	
2. Click Add building practitioner, which is located to the right of the screen.	
3. Indicate if your organisation is registered as a Practitioner for class 2 buildings.	
If Yes is selected, you will be required to enter the registration number (e.g., BUPxxxxxxx) in the space provided, then click search. The system will validate the details and populate the organisation details.	
If No is selected, you may search for an organisation via their ABN, ACN or Name, then click search.	
4. When nominating individual practitioners within the organisation, there are three options:	
If Yes is selected, enter the practitioner registration ID (e.g., BUPxxxxx) into the space provided and click Search. The practitioner details will populate as displayed.	

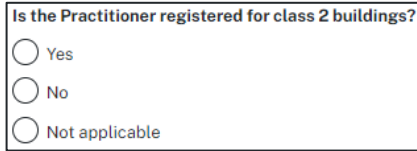

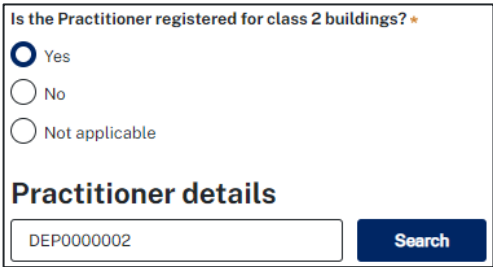

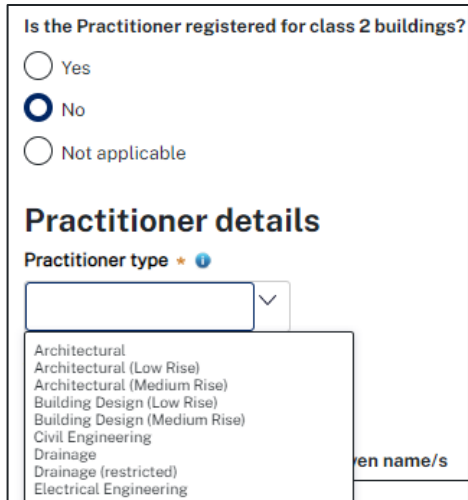

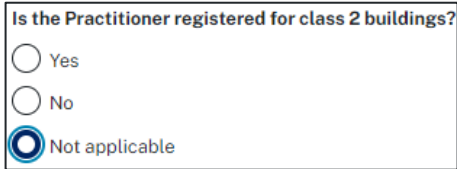

Note: When entering the registration ID for a Building Practitioner, it must follow the format BUPxxxxxx.

<p>If No is selected, the practitioner details must be entered manually including the practitioner type (s).</p>	
<p>Selecting Not applicable removes the option to enter an individual practitioner within the organisation nominated.</p>	

Nominate Design Practitioners

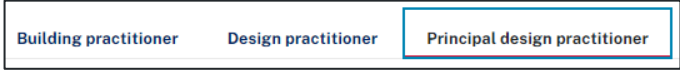

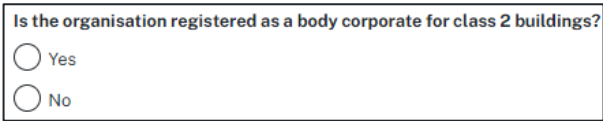

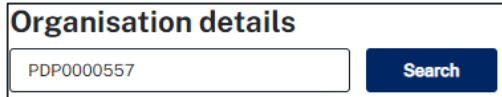

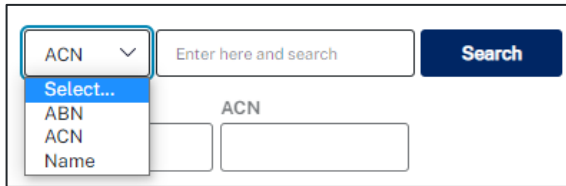

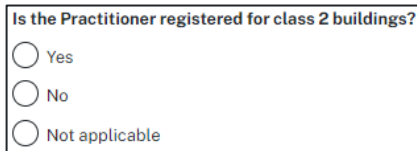

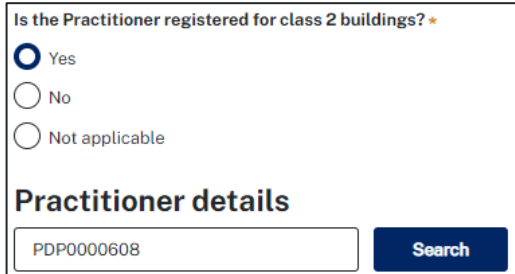

Note: Multiple Design Practitioners can be nominated.

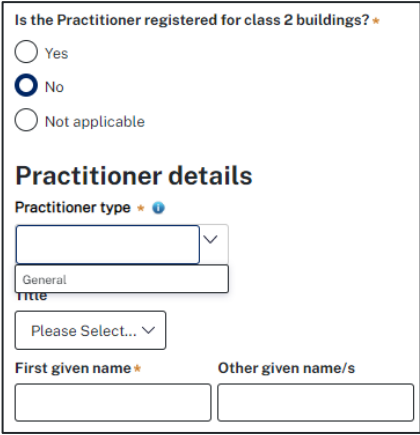

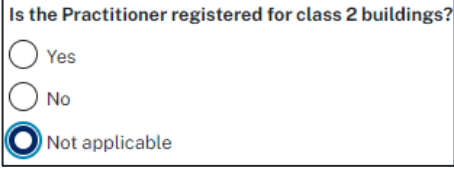

<p>1. Click on the Design practitioner tab</p>	
<p>2. Click Add design practitioner, which is located to the right of the screen.</p>	
<p>Note: When entering Practitioner design details, the screen will display two search options, the Organisation details and the individual Practitioner details (within the nominated organisation).</p>	
<p>3. Indicate if your organisation is registered as a Practitioner for class 2 buildings.</p>

<p>If No is selected, the practitioner details must be entered manually including the practitioner type.</p>	
<p>Selecting Not applicable removes the option to enter an individual practitioner within the organisation nominated.</p>	

Select an Appropriate Practitioner

The Appropriate practitioner will be responsible for uploading and lodging all of the the design documents and declarations.

Note: Not all Building Work Commencement Date Capture & ITSOC applications will have the option to select the Appropriate Practitioner. For example, a non-exempt case where a building work commencement date is prior to 1 July 2021.

<p>1. To select an Appropriate Practitioner, click on the practitioner title (i.e., Building practitioner), then check the Appropriate practitioner check box.</p>	
<p>Note: If the Appropriate practitioner check box is not selected, the Building practitioner will be selected by default when clicking Save or continue.</p>	
<p>2. Click Save to Save your work or Continue to progress to the next page.</p>	

Edit Practitioner details

Note: After an application has been submitted, the practitioner information can be edited at any time from the Actions menu.

1. **Click** Actions, then **select** Edit Practitioner details.

Note: The Edit Practitioner details window will appear.

Note: When a Practitioner information is edited, the new Practitioner details will be made available in the Practitioner details tab and the previous Practitioner details will be available in the Practitioner history tab.
