Attention: David Glasgow

Dear Mr Watson

**Notification of Modification Application - Barangaroo Concept Plan Approval
(MP 06_0162 MOD 9)**

Thank you for your correspondence dated on 12 July 2022, requesting Transport for NSW (TfNSW) to review and comment on the above

The above modification proposal has been reviewed and no substantive issues are raised at this stage and comments are provided below.

Hickson Road and Barton Street Intersection

Comment

Based on the Transport Management and Accessibility Plan (TMAP) prepared to support the concept plan:

- One of the key movement network and place improvements is to provide permanent two-way vehicular connection between Barangaroo Avenue and Hickson Road via Barton Street; and
- The configuration of Hickson Road including signalisation of Hickson Road and Barton Street intersection is dependent on the Hickson Road Design Process currently being undertaken by INSW, Sydney Metro and TfNSW.

Recommendation

The applicant should seek an in-principle approval from Transport for NSW and Council for the proposed works, including traffic control signals, at the intersection of Hickson Road and Barton Street. Assessment of TfNSW Warrants for Provision of Traffic Signals should be completed to ensure that an agreement in principle' (AIP) can be issued by TfNSW.

If you require clarification on the above, please don't hesitate to contact Para Sangar, Senior Transport Planner on 0466 024 892.

Yours sincerely

2/8/2022
