7.2 Sun Eye Views - Union Tower and Elizabeth Healey Reserve

June 21, 10:55am

June 21, 11:00am

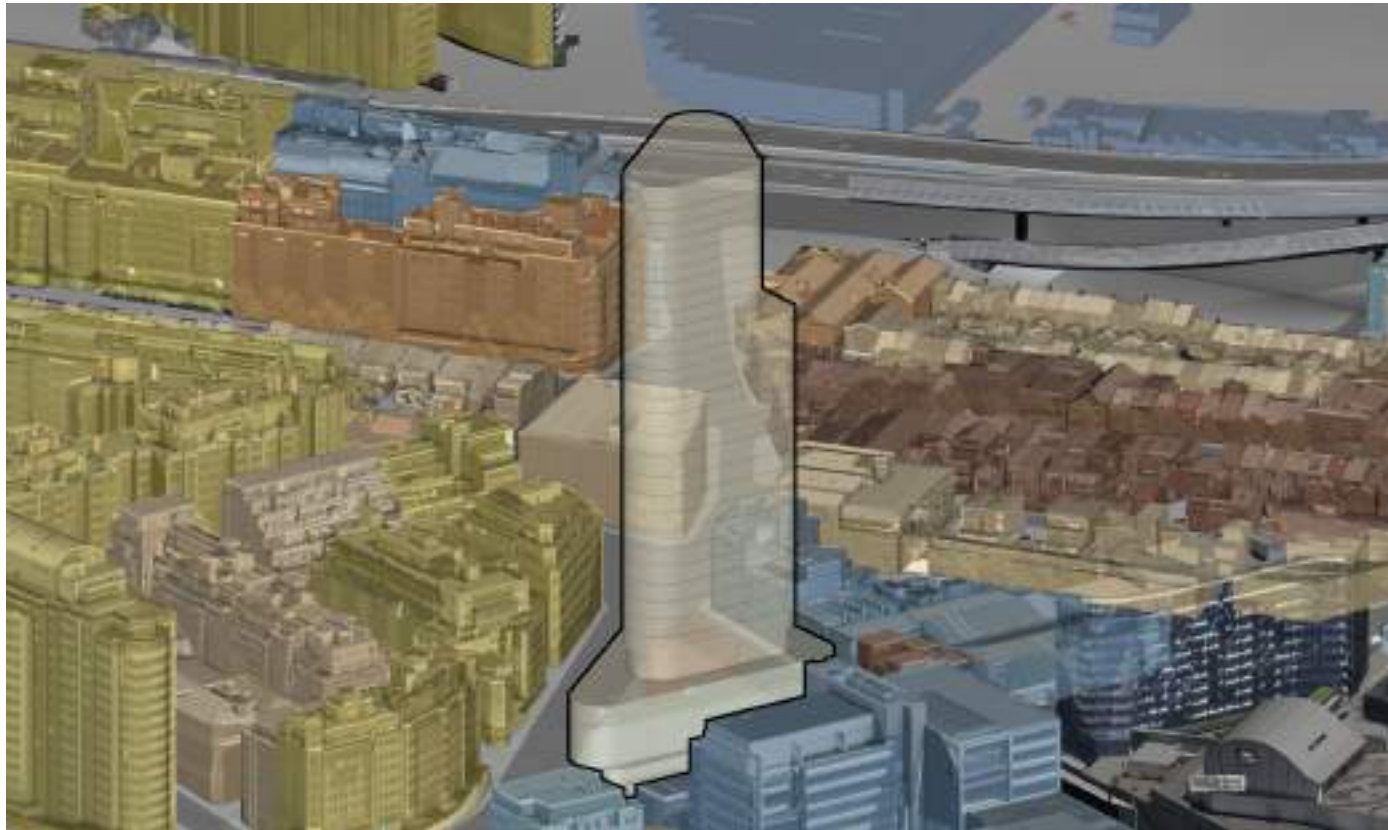

This is the end of the suite of Sun Eye Views demonstrating Union Tower's solar impact on Elizabeth Healey Reserve.

The PPPS Winter Solstice solar protection to public open spaces is specified between the hours of 10am to 2pm. The sun eye views demonstrate that by 10:20am, the proposed tower form no longer has an overshadowing impact on the Reserve. The sun eye views are taken to the next hour which is 11:00am to demonstrate compliance.
