

November 12, 2020

Attention: Department of Planning, Industry and Environment
2 Darcy St, Parramatta NSW 2150

Project Name: Frenchs Forest Planned Precinct Transport Strategy
Project Number: IA179100

Subject: Addendum - Relocation of The Forest High School

Dear Lauren,

In November 2020, Jacobs Group (Australia) Pty Limited prepared the *Frenchs Forest Planned Precinct Transport Strategy* for Department of Planning, Industry and Environment (DPIE).

In August 2017, Northern Beaches Council endorsed the *Northern Beaches Hospital Precinct Structure Plan*. The structure plan showed the establishment of a new town centre on The Forest High School site adjacent to the Northern Beaches Hospital, with The Forest High School to be relocated to the Warringah Aquatic Centre site on Aquatic Drive. The *Frenchs Forest Planned Precinct Transport Strategy* assessed the transport impacts of the proposed Frenchs Forest Planned Precinct development, including the relocation of The Forest High School to the Warringah Aquatic Centre site.

As of November 2020, The Forest High School is not proposed to be relocated to the Warringah Aquatic Centre site and would instead be relocated to an alternative location, which is currently being investigated by School Infrastructure NSW. As this alternative location is yet to be determined, the *Frenchs Forest Planned Precinct Transport Strategy* has not been amended to reflect the relocation of The Forest High School to the alternative location.

Yours sincerely

Clarence Li
Traffic Engineer
